Thank you for the extended opportunity to make a comment on the Civil Aviation Bill.

My submission is that this draft should not proceed until there has been a more thorough and comprehensive review of all aspects of the NZ civil aviation system, involving all sectors of NZ aviation.

I support the contents of the submission made by IQ Aviation from the Aviation forum and also ask that the draft be parked pending wider consultation and debate from the aviation community so the best and most appropriate provisions move forward.

Yours faithfully
