Good afternoon,

I would like to add my support to the submission made by Irene King and Qwilton Biel. (attached)

I am a small private part 91 owner operator who feels that private operators like me are greatly at risk due to an overly complicated, uncommunicative and poorly run governing organisation.

The CAA is currently being run like it's a division the New Zealand Air Force with a 1970s mentality. The CAA needs an overhaul from top to bottom and the attached submission would make a good start towards achieving that.
